*Tower of the Sun*

## To the Seed Trade:

It is indeed a pleasure to again mail you our latest Contract and General Wholesale list of Flower Seeds, including both Novelties and Standard varieties for delivery from 1939 Crop harvest.

Our farms are all located here in the beautiful Santa Maria Valley — appropriately called "The Valley of Gardens," which is situated about half-way between Los Angeles and San Francisco. The Macdonald slogan, "California's Best Flower Seeds," is our promise for your protection that only the best **California grown** seeds will be supplied on all of your requirements.

We have always been particularly interested in producing first quality stock for the critical Florist trade, and have specialized in growing these strains for the past twelve years. Our stock seed is saved from single plant selections, tested and proven in our large Experimental Grounds. During 1938, over 7500 seedlings and individual selections were tested in our Aster, Stock, Sweet Pea and Miscellaneous flower trial grounds, which extended over the fifteen acre mark.

You will agree, we believe, that our prices are reasonable and consistent with seeds of the highest quality; and that there is nothing so expensive as cheap, poorly grown, flower seeds.

California is host to the National Convention of The American Seed Trade Association this year, which is being held in San Francisco between June 12th and 15th. We cordially invite all of our friends and customers who plan attending this meeting to visit our ranches here in the beautiful Santa Maria Valley — either while enroute to the Convention, or after adjournment when on your way home. We can promise you a very pleasant stop-over and a most enjoyable visit.

To you, our customers, is due all credit for the sustained growth of The William Macdonald Seed Company; by your confidence and loyal patronage you have made it possible for us to keep supplying the best in Flower Seeds and we shall constantly strive to merit your repeat business.

*W. Macdonald*

# Terms and Conditions of Delivery

All seeds are offered F. O. B. Santa Maria, California, for delivery from 1939 Crop as soon as possible after harvest. Invoices are subject to a discount of 2% for cash in 30 days or 60 days net. All foreign invoices are payable in U. S. dollars at the current rate of exchange. All overdue accounts are subject to a sight draft without further notice.

We agree to plant sufficient land under normal conditions to produce the quantity of seed ordered; however, crop failure or any other cause beyond our control releases us from delivery and in the event of shortages, we will fill pro-rata only.

Unless otherwise specified on your orders, all shipments will be forwarded via the most economical method of rail transportation. Parcel Post and Express packages will reach Chicago on the fourth day or New York in five days from Santa Maria. Air-mail arrives here on the second day from nearly any point and is the easiest way to save two days time on your next rush order. All freight shipments will be routed over the most direct line to your city.

Bags and containers will be charged at cost and are not returnable. Kraft paper packets less than the one pound size will be supplied gratis. All orders for four ounces or more will be charged at the **pound** rate, less than four ounces at the **ounce** price.

We give no warranty, express or implied, as to purity, description, (including kind, variety and name), productiveness, or any other matter of any seed we send out, and we will be in no way responsible for them.

THE WILLIAM MACDONALD  
SEED CO.

. . . Featuring new colors in Sweet Peas, also several distinct innovations in other flower varieties for the 1938-39 seasons. Mounted electros and photographs will be supplied at cost    ↗    ↗    ↗

EARLY FLOWERING SWEET PEAS

“TREASURE ISLAND”

(See page 21)

A sparkling golden orange — success at last in the quest for an orange Sweet Pea of outstanding distinction! Unlike other orange Sweet Peas, **Treasure Island** is very large flowered and semi-duplexed. The average single flower measures 2½ inches across and is 2 inches deep. It is also a very strong grower, throwing a majority of fours on 15 and 16 inch stems — field grown.

Price per oz. .60      Per lb. 7.50

“ROSE PICOTEE”

Its color is a pure white with a salmon rose edging or picotee. **Rose Picotee** is the early counterpart of the Late Sweet Pea Youth.

**Rose Picotee** produces large ruffled flowers and four to a stem. The clear white flower, with the salmon pink edging makes a very beautiful bouquet that is surprisingly lively for table decoration in the evening.

**Rose Picotee** is a heavy grower and full of youthful vigor as regards length of stem and size of flower. It is definitely a new color for the Early group of Sweet Peas.

Price per lb. 3.00

“IRIS BLUE”

One of the strongest growing seedlings in our extensive trial ground, producing heavy stems that carry four large two inch flowers.

Its color is a deep “Iris Blue,” with the wide spread wings keeping to a bit lighter hue than the standard — which is very broad and quite wavy.

In comparison with other blues, **Iris Blue** is deeper than Tahoe and several shades lighter than Top Hat.

Price per lb. 3.00

“TITANIA”

A queen in name — and truly the mistress of all deep rose Sweet Peas.

**Titania** is a mammoth flowered, deep rose self, a brighter color than Josie with larger flowers and heavier stems. The white ground at the base of standard and wings enhances the beauty of this outstanding Sweet Pea.

Each flower is delicately moulded — the large flat standard turns slightly inward at the edges and the ruffled wings curve gently around their keel.

Price per lb. 3.00

## NEW SUMMER FLOWERING SWEET PEAS

### "CRONY"

An exhibition Sweet Pea of the first rank! Large flowers on long stems, tinted a soft golden salmon — that is a description befitting only the best and is a grower's opinion of our new Sweet Pea, **Crony**. This fine Sweet Pea is a very strong grower and will be ideal for the home gardener. **Crony** received a Certificate of Merit in the 1938 Scottish Sweet Pea Trials.

Price per lb. 1.50

### "WINDSOR BLUE"

A fine clear mid-blue that throws immense flowers on long, stout stems. This novelty is probably the strongest growing clear blue yet to be introduced.

Price per lb. 1.50

### "SNOW WHITE"

**Snow White** is a solid paper white and is a black seeded variety. It produces very strong vines and throws long pencil stems. The usual pink tinge that most whites have is quite noticeable by its absence in **Snow White**, whose flowers are equally as large as those of Gigantic.

Price per lb. 1.50

## RUST RESISTANT ANTIRRHINUM MAJUS GRANDIFLORUM

### PINK GLORY

**Pink Glory** is a much needed and often asked for color in the Rust Resistant group of Antirrhinum. Growing between 28 and 30 inches tall in our field—and producing long base branching spikes containing 15 inch clusters of salmon rose florets—**Pink Glory** should attain immediate popularity as a cut flower.

Each flower is large and well formed, of a pleasing shade of deep salmon rose. Ridgway's classification of this color is a spinel pink.

Price per oz. 1.20      Per lb. 15.00

### ROSETTE

**Rosette** is a rich deep rose color, producing mammoth flowers on long tapering spikes. Both the face of the florets and the throat hold to the same pleasing shade. Its height is typical of the Majus Grand. group, and habit is that of the base branching. **Rosette** will be a welcome addition to the Rust Resistant class, which has suffered badly from the lack of a good deep rose.

Price per oz. 1.20      Per lb. 15.00

## GODETIA DWARF COMPACT

### RUBY

Imagine a compact little plant 12 inches tall and 18 inches in diameter covered with hundreds of deep ruby-red flowers! That is the striking appearance made by **Ruby**, our new dwarf Godetia Novelty. This delicately beautiful little plant is ideal for borders and will make a very desirable bedding annual.

Price per oz. .70      Per lb. 8.00

## CALENDULA GOLDEN SHAGGY

Another very interesting novelty is a new golden colored Shaggy type Calendula. This informal Calendula is identically similar to Orange Shaggy in appearance — with long, deeply fringed petals growing out in a very irregular manner. It is also very thick through the center of the flower. The plants grow between 18 and 20 inches tall, with long stems and large 3½ inch flowers. We believe that this new gold color will achieve immediate popularity in this very popular cut flower.

Price per oz. .25      Per lb. 3.00

## VERBENA HYBRIDA GRANDIFLORA MOUNTY

**Mounty** is a Verbena of great brilliance that has wide possibilities commercially and for the home gardener. Its color is a solid deep rose red . . . without the usual large white eye. Each plant grows to approximately 18 inches in diameter and produces a multitude of immense 4 inch flowers. Long flowering spikes and very strong growth are typical of this Verbena.

Price per oz. 1.20      Per lb. 15.00

## MARIGOLD AFRICAN LITTLE GIANTS ORANGE

Dwarf compact 15 inch plants blooming a head of twenty-five flowers at the same time, and coming about 90% true to type. All double orange throws large four inch flowers of both the carnation and fistulosa types. It is the first separate color in this new dwarf type of Marigold.

Price per oz. .95      Per lb. 12.00

## COSMOS EXTRA EARLY DOUBLE SENSATION MIXED

Direct from our Trial Ground after years of selection — we are pleased to introduce an Early Sensation Cosmos in a beautiful new double form. Coming in colors of white, pink and crimson, this new double Cosmos is also similar to the single Sensation in height and other habit characteristics.

Two forms of double flowers are found in this new Sensation group and both will average between 4½ and 5 inches across — the regular double crested and the newer and novel fluted types. Equally as large as the single Sensation, the new double crested type will also produce a large 2 inch crested center — which makes it appear even more mammoth.

The fluted flowers are most informal of the two, as they bloom in a variety of shapes and forms. Most common is the type with 15 to 20 extra petals growing out from the yellow center. It also is not unusual to see a plant with the petals of each flower shaped like a trumpet or lilly.

The doubles percentage runs a bit higher than the smaller flowered double crested Cosmos, as the seed of this novelty was all handpicked from double plants only. A written description can hardly do justice to the beauty of these large and perfectly moulded double flowers.

Price per oz. 5.00      Per lb. 60.00

## NEW AND IMPROVED LARKSPUR COLORS

### LARKSPUR TALL BRANCHING GRANDEE

**Grande** produces 100% double florets on long flowering spikes and is similar in color to Lustrous Carmine. This fine novelty was almost called an Improved Lustrous carmine; however, it is such a vast improvement over the older variety in size of flower and doubleness, that we believe it merits introduction under a new name.

If you require a vivid carmine in the Branching type of Larkspur, we heartily recommend that you try our new Larkspur **Grande**.

Price per oz. .40      Per lb. 5.00

### LARKSPUR TALL BRANCHING TEMPEST

**Tempest** represents a color often asked for in this group, as it is a shade deeper than Lilac and several tones lighter than Dark Blue. Its color is best described as a mid-blue.

The florets on **Tempest** are of the round petal type, which give it the necessary full double appearance. The flowering trusses are longer than usual and are produced on strong lateral branches.

Price per oz. .40      Per lb. 5.00

### LARKSPUR GIANT IMPERIAL DAINTESS IMPROVED

A deeper shade of lavender blue, coming in larger and more fully double flowers on longer spikes. This improved form of Daintiness will be gladly received by those who formerly had trouble with this color fading out under adverse conditions.

Price per oz. .40      Per lb. 5.00

## MARIGOLD DWARF FRENCH SCABIOUS FLOWERED

### CORONET

**Coronet** is a recent development off the ever popular Harmony type. It has the usual dwarf habit growing about 18 inches tall and makes a very even growth. The flowers vary in size between 1½ and 2 inches and come about 95% double. Each flower has a single row of reddish brown guard petals, with a quilled deep golden yellow center. The guard petals are outlined with a thin stripe or band of yellow.

**Coronet** will be useful for both cutting and bedding—as the plants are very uniform and throw stems 12 inches long.

The quilled center of **Coronet** is a deeper golden yellow than that of Golden Harmony, and **Coronet's** collar petals are a pleasing shade of reddish brown. The above illustration of Golden Harmony is identically similar to **Coronet**, excepting of course that it lacks the brown guard petals.

Price per oz. .40      Per lb. 5.00

### GOLDEN HARMONY

Growing only to a height of 11 inches and being very compact in form, **Golden Harmony** is ideally fitted for both border and bedding purposes. Each flower is of the quilled scabious type and has a single row of broad guard petals on the outer edge. The color is a luminous golden yellow—both the quilled center and the guard petals hold to the same bright color.

**Golden Harmony** is very floriferous and is literally covered with hundreds of 2 inch flowers. It produces fully 100% double plants. The blooming period begins as early as the regular Harmony and we believe it will soon be as popular.

Price per oz. .40      Per lb. 5.00

## EARLY FLOWERING SWEET PEAS

## "PRINCESS BLUE"

A belladonna blue—from Ridgway it would be classed as a "light wisteria blue," this is a delightful and pleasing shade that was in great favor at the recent coronation. The flowers have large bold standards, 2¼ inches across and are fashioned with wide spread wings. Both standard and wings hold to the same rich light blue color. The stems are long and stout and the plant is quite vigorous.

Price per lb. 3.00

## "EVENING STAR"

Its color is a brilliant orange scarlet suffused orange (Ridgway classifies it as a spectrum red shading to scarlet). **Evening Star's** broad standards hold to the above bright color, while its wings are toned to a lighter hue. The plants are strong growers, stems are very long with large bold flowers. This remarkable new Early Flowering Sweet Pea, received an award of "Excellent" from the New York Florist's Club in 1936, after trial at the New Jersey Agricultural Experiment Station, located in New Brunswick.

Price per lb. 1.75

## "TAHOE"

**Tahoe** is a mid-blue, a shade between Mrs. Herbert Hoover and Blue Bonnet, but comes with large wavy flowers. From Ridgway's color chart, it would be classed as a "Chicory blue deepening to mauve."

The large wavy standards and ruffled wings have the same delightful shade of mid-blue, and in addition the flowers are well placed on long stems. The plant is a vigorous, strong grower.

Price per lb. 1.75

**"VIRGINIA"**

A rich rose pink on white ground, its large ruffled standard is 2½ inches across and both wings are very beautifully spread in proportion. The richness of **Virginia** is enhanced by the purity of its white ground, truly a flower brim full of the old Southern traditions and sentiment. **Virginia** is rich in color, superbly moulded, and lithe of stem.

Price per lb. 1.75

### "MAYTIME"

This outstanding Sweet Pea received a Certificate of Merit at the Scottish National Sweet Pea Society's trials. **Maytime** is a rich golden cerise color, producing four and five immense flowers on long, husky stems.

Price per lb. 1.00

### "DIANA"

A fine, long stemmed rose on cream ground. The flowers are an immense size and are beautifully duplexed. Where beauty reigns supreme, **Diana** will be queen!

Price per lb. .65

### "GOLDEN DRAGON"

A very large duplexed flowered orange. The standard is a vividly bright orange, while the wings shade to a deeper, softer orange rose. A Sweet Pea of great merit, which cannot be recommended too highly.

Price per lb. 1.00

## ASTER IMPROVED GIANTS OF CALIFORNIA

Curled and Interlaced

### "BLUE AND WHITE"

The color is a deep blue, with a white stripe showing on the outer edges of each of the inner petals. The outer petals keeping to a solid deep blue. This variety is the Curled and Interlaced type of the Giants of California group. It throws large flowers five to six inches across and with its long, strong stems is ideal for Florist work.

Price per oz. .95      Per lb. 12.00

## COSMOS EARLY SENSATION "CARDINAL"

A colossal flowered crimson color hitherto not found in the Sensation group.

An identical replica of Pink and White, as regards habit and size of flower. **Cardinal** has the same deep color as that found in the smaller flowered Mammoth single crimson.

Rounding out the color class of the Sensation group, **Cardinal** is the shade greatly needed in this very popular Florist cut flower.

Price per oz. .80      Per lb. 10.00

## MARIGOLD AFRICAN POMPON LEMON YELLOW

A most welcome addition to the ever popular Marigold family. **Pompon Lemon Yellow** grows about 2½ feet tall and is very free branching. Its flowers are quilled in form and two inches across. As the quilled petals of the flower are quite stiff, it will make a reliable shipper.

**Pompon Lemon Yellow** is recommended both as a cut flower and also for general garden decoration.

Price per oz. .30      Per lb. 4.00

## LARKSPUR GIANT IMPERIAL "Violet Cockade"

A new color in Larkspurs. Ridgway classifies it as a "Hyacinth Violet." We call it a rich violet purple. The flowers are full double with round petals. The plants have the Cockade habit, tall with close compact form. **Violet Cockade** will make a splendid cut flower, being a color often asked for.

Price per oz. .40      Per lb. 5.00

## "Cinnabar Cockade"

**Cinnabar** is a rich brilliant rose red. Plants are compact and symmetrical, throwing long spikes of very double flowers. **Cinnabar** has the same graceful habit as Blue Cockade.

This variety with its brilliant color and long tapering spikes, will soon be the Florists' favorite for cut flower purposes.

Price per oz. .40      Per lb. 5.00

## "Sapphire Cockade"

Ridgway classifies this Novelty as a "Hyssop Violet." We would describe it as a deep lilac, with the outside petals shading to a deep violet. The plants are tall, graceful and symmetrical. The flowers are full double with round petals.

Price per oz. .40      Per lb. 5.00

### PETUNIA NANA ERECTA "DAZZLER"

**Dazzler** has the same habit — closely compact — as Celestial Rose, but is a much brighter color. It is the same shade as Dwarf Pink Glory in the Grandiflora type.

**Dazzler** is a beautiful border plant that will attract immediate attention with its brilliant color.

Price per oz. 2.00      Per lb. 25.00

### STOCK GIANTS OF CALIFORNIA "SEQUOIA"

A dazzling supplement to our extremely popular strain of Giants of California Stock.

**Sequoia** produces a central spike of florets that will average 12 inches in length. It is a rich sparkling rosy-carmine color, which always seems popular with the florist.

Individual florets larger than 2 inches across are a usual sight and the plants produce a high percentage of doubles.

Price per oz. 1.80      Per lb. 22.50

### MARIGOLD AFRICAN LITTLE GIANTS

**Little Giants** throws blooms varying in form, from the informal carnation type to the perfect *Fistulosa* globe. The plants are very closely compact and the stems short. Its foliage is a beautiful dark bluish green.

Although **Little Giants** range in height from 10 to 15 inches, a fraction percentage of taller plants will show up. However, these are easily detected at the transplanting stage as they all have light colored foliage — **Little Giants** being a deep bluish green.

**Little Giants** is strongly recommended for bedding and pot plants, especially the latter — as it will bloom a head of twenty-five flowers all at the same time. Color ranges from a yellow to a very bright orange, with many shades in between.

Price per oz. .80      Per lb. 10.00

## EARLY FLOWERING SPENCER SWEET PEAS

We are specializing in the production of Winter Flowering Spencer Sweet Peas for greenhouse culture. Our listing contains only the better and more popular varieties — many of them are our own introductions which were developed in our large Sweet Pea experimental grounds.

All of the newer varieties are very strong growers and will produce heavy stems with four and five flowers on each. Early Spencer Sweet Peas are also adapted for winter flowering in the open, when planted in the milder latitudes.

Early Flowering Sweet Pea **Treasure Island** will be featured in one of the scenic courts at Treasure Island, in San Francisco Bay, during the Golden Gate International Exposition this year. In the above picture is shown Miss Baker, Exposition beauty, clothed in Sweet Peas — a close-up of Sweet Pea **Treasure Island**, and in the background is Treasure Island, site of the 1939 Golden Gate International Exposition.

Sweet Pea **Treasure Island** produces very vigorous growth, is large flowered and long stemmed — will bloom as soon as the earliest and keep flowering longer than most late varieties. It is a mammoth flowered semi-duplexed golden orange.

## TWELVE BEST WINTER FLOWERING SWEET PEAS

In response to many requests, we are listing two groups of "twelve best" varieties. The Florists' group contains all new introductions and colors that are known to be most popular. The Home Gardeners' selection is a hardy lot of easily germinated varieties, that will make vigorous growth and long stems.

## FLORIST

**Eridesmaid**, deep silvery pink  
**Fileen**, Begonia rose  
**Evening Star**, bright orange scarlet  
**Fragrance**, lavender self  
**Hope**, pure white  
**Princess Blue**, clear light blue  
**Sequoia**, rich golden cerise  
**Susanna**, carmine red  
**Tahoe**, mid blue  
**Titania**, deep rose self  
**Treasure Island**, golden orange  
**Triumph**, lilac mauve

## HOME GARDENER

**Bridesmaid**, deep silvery pink  
**Cattleya**, rosy lilac  
**Colleen**, golden rose  
**Eileen**, Begonia rose  
**Eleanor Blue**, sky blue  
**Fragrance**, lavender self  
**Hope**, pure white  
**Iris Blue**, vigorous deep blue  
**Ramona**, geranium pink  
**Sequoia**, rich golden cerise  
**Susanna**, carmine red  
**Sweet Briar**, giant rose

*Sweet Pea Iris Blue*

*Sweet Pea Treasure Island*

### INTERMEDIATE FLOWERING SPENCER SWEET PEAS

A strong growing class of "early" Sweet Pea, which is suited for mid-winter sowing in the greenhouse to produce flowers for early April picking. The heavy early growth of these Sweet Peas give them a much longer flowering period than the ordinary late sorts when planted outdoors. This new class is also suited for early summer planting in the open, as their strong growth will produce blooms early in the fall. **Eleanor Blue** is the original in this class.

**LOBELIA ERINUS**

This group has attained much popularity and is especially adapted for forcing.

## Albus

**Giant King Blue**, oxford blue.

**Giant King White**, pure white

**Chalcedonica, scarlet**

**Chalcedonica, Alba, white**

**Little Giants Mixed (Macdonald)**, very closely compact little plants with short stems that only average a height of 10 to 15 inches. Produces both Carnation and Fistulosa type flowers and shades from lemon to orange. Ideal for bedding and potted plants—will flower a head of fifteen to twenty-five blooms at one time.....

**Little Giants Orange (Macdonald)**, will flower 100% double Carnation and Fistulosa type blooms and comes 90% true to habit.....

The African Marigolds produce large five to six inch flowers which make excellent shippers for Florists.

NASTURTIIUM DOUBLE SWEET SCENTED

We are listing two new groups of double Nasturtiums which we believe are a definite improvement over existing varieties in doubleness, size of flower and range of colors. The **Emperor** strain is dark leafed and compact, while the **Glow** throws short runners and is taller.

PETUNIA DWARF GIANTS DE LUXE

The most desirable qualities of all the better strains, have been combined through much breeding and selection in our Dwarf Mammoth Flowering varieties. These are excellent for bedding or will make superb potted plants.

PETUNIA DWARF GIANTS OF CALIFORNIA RAMONA STRAIN

Macdonald's De Luxe Re-selected Strain. A hand blended mixture of all the popular colors. Habit is dwarf and compact. We recommend this re-selected strain for those who demand the best.

Price per 1/16 oz. 2.00; ¼ oz. 6.25; 1 oz. 25.00

PETUNIA DWARF GIANTS OF CALIFORNIA

Deep Rose. This is a dwarf compact mammoth flowered variety, with wide open throat and the desirable deep rose shade, and beautifully pencilled markings.

Price per 1/16 oz. 2.40; ¼ oz. 7.50; 1 oz. 30.00

PETUNIA DWARF GIANTS OF CALIFORNIA

Rosie (Macdonald). This is a rich rose shading to a deeper rose in the open throat, very compact habit. The colossal flowers are beautifully fringed and netted, can be used in beds, and pot work.

Price per 1/16 oz. 2.40; ¼ oz. 7.50; 1 oz. 30.00

## PETUNIA GIANTS OF CALIFORNIA

### SHEPHERD'S RE-SELECTED STRAINS

Many plant selections and our strict attention to minute details have greatly improved the originator's strain. The immense flowers are beautifully waved and ruffled, and the colors are exquisitely blended.

### PETUNIA GIANTS OF CALIFORNIA DE LUXE

#### **Double Giant Fringed Exquisite Mixed (Macdonald).**

This double Shepherd's strain has a magnificent range of color, and the percentage of doubles is as good as the best.

**Price per 1/16 oz. 11.20; 1 oz. 140.00**

#### **Double Giant Choice Mixed.**

A very good mixture of large flowered doubles. The colors are well blended and are of the deeper shades.

**Price per 1/16 oz. 5.00; 1 oz. 75.00**

#### **Single Giant Exquisite Mixed (Macdonald).**

A brilliant mixture of Shepherd's unrivaled strain, colossal in size, rich in color, and exquisite in form.

**Price per 1/16 oz. 1.45; 1 oz. 18.00**

#### **Ruffled Monsters Exquisite Mixed (Macdonald's Re-selected).**

This is a deeper shade than above, with plants more erect, an exceptionally fine strain.

**Price per 1/16 oz. 1.60; 1 oz. 20.00**

#### **Fluffy Ruffles Exquisite Mixed (Macdonald's Re-selected).**

This is a large flowered strain with very fluffy and ruffled edges, sometimes they look like doubles.

**Price per 1/16 oz. 1.30; 1 oz. 16.00**

#### **Ruffled Monsters Dark Shades Mixed (Macdonald's Re-selected).**

This has all the darker colors selected to the dwarf habit, splendid for pot work.

**Price per 1/16 oz. 1.60; 1 oz. 20.00**

## STOCK GIANTS OF CALIFORNIA

This comparatively new tall branching group of stocks is now rated number one by the Florists for all forcing purposes. They are very early flowering, produce long branches if planted well apart, and have extra long flowering spikes with immense individual florets. The doubles percentage is very high, averaging approximately 70%. Many growers transplant these stocks about 4 inches apart in beds, and find that they grow to a height of better than three feet, having only a single central spike with a 15 inch stem of florets.

<b>Dianthus all sorts</b>	<b>Ursinia</b>
<b>Dimorphotheca</b>	<b>Verbena all sorts</b>
<b>Eschscholtzia</b>	<b>Wallflowers</b>
<b>Felicia</b>	

## FLOWER SEED GROWING OPERATIONS

- 1 — First, the land must be deeply ploughed. Here are two of our heavy-duty tractors finishing up a large section.
- 2 — The old grey mare is still with us and comes in right handy for ploughing odd corners that are hard to get at.
- 3 — Planting is done quickly and efficiently with modern equipment.
- 4 — After a rain, it is necessary to cultivate as quickly as possible, to conserve the moisture and soften the ground around the growing plants.
- 5 — All plantings must be hand weeded in their early stages of growth. This is done on contract with day labor.
- 6 — A large acreage of mixed Larkspur in full bloom.
- 7 — An acre field of Stock Santa Maria.
- 8 — Mr. William Macdonald inspecting some large double Zinnias.
- 9 — A field of Kochia or "Burning Bush."
- 10 — Threshing Nasturtiums on large burlap sheets.
- 11 — Hand-picked seeds are dried on large sheets in the field and later carted to our warehouse for final cleaning and processing.
- 12 — Screening Stocks that were field threshed, to catch the heavy chaff before they are run through our warehouse cleaners.
- 13 — Nasturtiums are washed to dissolve small pieces of dirt. They are shown here spread on sheets drying.
- 14 — Threshing operations on an immense canvas performed by heavy electrically driven rollers.
- 15 — A large harvester threshing Sweet Peas.
- 16 — "All crop" harvester in operation.
- 17 — Small portion of our cleaning department which uses the latest equipment including spiral, screen, and gravity cleaners .
- 18 — Shipping department — skillfully managed to offer prompt and efficient service.

### 1939 NOVELTIES

#### GALAHAD SERIES

Clear White of enormous size, averaging three inches in diameter of individual flowers with very heavy glistening texture, pyramidical spikes with well spaced flowers, good branching habit, strong whippy stems with a high percentage of Mildew resistance. The **Galahad** series not only puts the white on a par with the largest and strongest Delphiniums, but in a great many cases supercedes them.

Price per oz. 12.50      Per lb. 140.00

#### LANCELOT SERIES

A new color in Delphinium of pure lilac self tone with white bee. Individual flowers 2 to 2½ inches in diameter. The growth has all the desirable characteristics making it an ideal cut and show flower.

Price per oz. 10.00      Per lb. 120.00

### 1938 NOVELTIES

#### KING ARTHUR SERIES

Brilliant Royal Violet with large white bee. Individual florets 2½ inches in diameter, very thin woody stems with small foliage. Very long graceful spikes. Excellent for both cut flowers and show purposes. Mildew resistance from 80 to 90 per cent.

Price per oz. 8.00      Per lb. 100.00

#### GUINEVERE SERIES

Light Pink Lavender self with white bee. Individual florets 2½ to 3 inches in diameter, large spikes. Excellent branching habits. For cut flowers and show purposes. Mildew resistance 50 to 70 per cent.

Price per oz. 8.00      Per lb. 100.00

#### SUMMER SKIES SERIES

Clearest Light Blue with white bee. Individual florets 2 to 2½ inches in diameter. Thin woody stems with very strong branching habits. Ideal for cut flower purposes. Mildew resistance 40 to 60 per cent.

Price per oz. 8.00      Per lb. 100.00

#### CLEAR WHITE

Individual florets 2 to 2½ inches in diameter. Well placed on large well balanced spikes. Clear, glistening white with heavy texture. Excellent for show purposes. Not Mildew resistant.

Price per oz. 8.00      Per lb. 100.00

All Seed Supplied in Originator's Packets

# PACIFIC GIANTS DELPHINIUM

## STANDARD COLORS

### LAVENDER SHADES

Color range from Clear Lavender to Lilac Lavender with contrasting white bees. Individual florets  $2\frac{1}{2}$  to 3 inches in diameter. Thin strong stems with long well spaced spikes and good branching habit, for cut flower and show purposes. Mildew resistance 60 to 80 per cent.

Price per oz. 7.50      Per lb. 90.00

### LAVENDER PASTEL SHADES

Color range from Light Lavender to Deep Smoky Lavender, generally of two tone combinations with brown or black bees. Individual florets  $2\frac{1}{2}$  to 3 inches in diameter. Thin woody stems with beautifully formed long spikes. For show purposes.

Price per oz. 7.50      Per lb. 90.00

### LIGHT VIOLET SHADES

Color range from Light to Medium Violet with white bees. Individual florets  $2\frac{1}{2}$  to 3 inches in diameter. Huge well formed spikes. For show purposes. Mildew resistance 20 to 40 per cent.

Price per oz. 7.50      Per lb. 90.00

### DARK VIOLET SHADES

Very dark velvety Violet with black bees. Individual florets  $2\frac{1}{2}$  to 3 inches in diameter. Huge long spikes. For show purposes. Mildew resistance 60 to 80 per cent.

Price per oz. 7.50      Per lb. 90.00

### LIGHT BLUE SHADES

Color range from light to medium blue with white, fawn, and black bees. Individual florets 2 to  $2\frac{1}{2}$  inches in diameter. Excellent growing habits, Mildew resistance 40 to 60 per cent.

Price per oz. 7.50      Per lb. 90.00

### MEDIUM BLUE SHADES

Color range from light to dark blue, highly predominating clear medium blues with both white and dark centers. This group gives the most prolific growth and the clearest blues in Delphinium.

Price per oz. 7.50      Per lb. 90.00

### DARK BLUE SHADES

Color range from Medium to Dark Blue with white and dark bees for contrast. Thin woody stems, long, well formed spikes. Individual florets 2 to  $2\frac{1}{2}$  inches in diameter. Mildew resistance 40 to 60 per cent.

Price per oz. 7.50      Per lb. 90.00
